FLOATING DOCK: NO PILES NEEDED

If you're looking for a convenient, attractive and environmentally sensitive addition to your dock area, our innovative floating dock lift system is for you. Integrated into every unit is a Golden Boat Lift® with exclusive Golden Sea-Drives®. Come high tide or low tide, floating dock lifts offer a smooth transition for your watercraft and make using your boat and dock enjoyable. Our floating dock lifts are custom designed and manufactured using only the highest quality marine grade materials and components. Whether you have a powerboat, pontoon boat, Jet Ski, sailboat, motor yacht, or trawler, we have a floating dock lift for you. With over 35 years of experience, our team will assure that your project is correctly designed and manufactured to fit the specific use and conditions criteria necessary to deliver a first-in-class durable product.
